

Capability Statement

**Veteran-Owned Small Business (VOSB) • UEI: FP6ZCJ46VZL6 • Contact: 656-240-8660 •
ron@temperdtek.com**

Core Competencies

- Managed IT & Security (MSP/MSSP): Proactive monitoring, patching, IT management, compliance reporting, and cybersecurity defense aligned with NIST CSF 2.0 and MITRE ATT&CK.
- Cybersecurity Services & vCISO: Risk assessments, policy consulting, incident response planning, penetration testing, and vCISO support.
- Unified Communications (UCaaS/VoIP via Telyra): Cloud-based voice, video, messaging, fax, SMS with multi-datacenter redundancy.
- Cloud & Infrastructure: Data center as a service, cloud hosting, storage/backup/DRaaS, and network as a service.
- Consulting & Compliance: GRC advisory, IT strategy, security architecture, program/project management.

Differentiators

- Veteran-Owned Small Business — Certified through SBA VetCert.
- Proven Leadership — CISSP-certified since 2016 with over a decade of cybersecurity and IT leadership.
- Multi-Datacenter Resilience — Ensures continuity for UCaaS/VoIP and managed IT.
- Integrated Services — Single provider for cybersecurity, managed IT, and UCaaS.
- SMB-Centric Focus — Enterprise-grade security adapted for small and medium businesses.
